Anticounterfeiting method and device utilizing holograms and pseudorandom dot patterns
SP McGrew - US Patent 5,396,559, 1995 - Google Patents
... It is preferable to use a pseu- TV screen or other programmable spatial **filter** if the ... use as a pseu-**generate** a pseudorandom number sequence from the dorandom number **generator** is F(x ... both ^mission by the method taught herein, so that the **image** projection and dot-**encoding**. ...

More

A digital watermark
[PDF] from psu.edu
RG van Schyndel, AZ Tirkel... - **Image** Processing, 1994. ..., 1994 - ieeexplore.ieee.org
... The authors are investigating LMS adaptive **filter** extraction algorithms to determine an optimum technique with minimal **image** ... express their gratitude to Mr. GARankin for his assistance in developing a program to **generate** and analyse ... **IMAGE** DATA (8 BITS) **ENCODED IMAGE** ...

Random phase encoding of composite fully complex filters
[PDF] from louisville.edu
LG Hassebrook, ME Lhamon, RC Daley... - Optics ..., 1996 - opticsinfobase.org
... To demonstrate the performance that results from different encodings we tested the **filter** banks against degraded imagery. ... times, each time with a change of only the **random** seed for the scene noise **generator**. ... Therefore phase-only **encoding** could, by chance, have lower MPE. ...

Secure data hiding in wavelet compressed fingerprint images
[PDF] from psu.edu
NK Ratha, JH Connell... - ... of the 2000 ACM workshops on ..., 2000 - portal.acm.org
... Our approach is motivated by the desire to create on-line fingerprint authentication systems for commercial ... 25 corresponds to the cascading path of '00,10,00,11' through the **filter** bank. ... To hide such a message during the **image encoding** process, there are three basic steps as ...

Image signal encoding with variable low-pass filter
B Astle - US Patent 6,026,190, 2000 - Google Patents

... decoded **image** signals involves upsampling the U and V component signals to **generate** full-sampled ... pixel processor 106 or capture processor 104 may perform the filtering of **filter** 303. Those skilled in the 60 art will further appreciate that additional **encoding** processes may be ...

HIPS: **Image** processing under UNIX. Software and applications

[PDF] from ucl.edu

MS Landy, Y Cohen... - Behavior Research Methods, 1984 - Springer
... **images** or sequences that are generated by computer graphics systems are usually **encoded** as points ... Other programs create photographic negatives (neg), perform thresholding (thresh), and apply linear and second ... The new **filter** is compiled and then applied to calcpix's input. ...

Image encoding by vector quantization of regions of an **image** and codebook updates

JO Normile... - US Patent 5,822,465, 1998 - Google Patents
... Conversely, compressed **images** 102 may be applied to a decoder 131, as shown in FIG. U, in order to **generate** decompressed **images** 132. ... Decoder 131 requires the use of the same codebook 105 which was used to **encode** the **image**. ...
